Cambridge Ordinary Level

MARK SCHEME for the May/June 2015 series

7115 BUSINESS STUDIES

7115/12

Paper 1 (Short Answer/Structured Response),
maximum raw mark 80

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2015 series for most Cambridge IGCSE[®], Cambridge International A and AS Level components and some Cambridge O Level components.

Clear Understanding [2] – checking for quality standards [1] throughout the production process / every stage [1]

Some Understanding [1] – e.g. checking work done

Do not accept ‘checking at end / checking end product’ in this instance as this defines quality control

(b) Identify two ways in which break even analysis might be helpful to PJK. [2]

Application [2 × 1] – award 1 mark for each relevant way

Points could include:

- Planning / forecasting / decision making / help set prices
- Help work out level of profit **at different levels of output**
- Show margin of safety
- Shows how much needed to produce to cover costs / avoid loss / breakeven point
- Help apply for finance

Do not accept points such as shows costs / sales / profit on their own as too vague

(c) Using the information in Table 1, draw a break even chart for PJK. [4]

- Accurately plotted TR (revenue) line [1]: start at 0, at 4000 units should be at \$400 000
- Accurately plotted TC line [2] in total for start at \$200 000 [1] \$400 000 at 4000 units [1]
- Labelling: TR and TC [1] only if layout is correct. TR must start at zero and lines must cross

Notes:

- Accurately drawn **unlabelled** break-even chart [3]
- For 4 marks TR [revenue] and TC must be clearly labelled
- Max 1 mark for inaccurately plotted break-even chart with TR and TC correctly labelled

(d) Identify and explain two advantages to PJK of using skilled workers. [6]

- (e) Do you think that using financial rewards is the best way for A2Z to motivate its pilots? Justify your answer. [6]

Knowledge [1] – award 1 mark for identification of relevant issue(s). Positive or negative points allowed or alternative methods (points can be for business or employee) [max 1]

Application [1] – award 1 mark if relevant reference made to this business

Analysis [2] – award up to 2 marks for relevant development of point(s)

Evaluation [2] – justified decision made as to whether financial rewards are the best way for **A2Z** to motivate its pilots. Candidate's final decision can be either for or against the statement.

Note: evaluation must be from the **viewpoint of the business** not the employee

Relevant points might include:

- High wages help retain workers [k]
- Can the business afford to pay high wages [k]
- High skilled jobs [k] so will expect high levels of financial rewards [an] otherwise they will look for a job at rival airline [app]
- Money does not motivate everyone / already highly paid [k]
- Training might be offered [k] as high risk job [app] so safety might be more important
- profit sharing [k] as small airline [app] so might work as pilots may feel they have a direct impact on performance [an]
- Opportunities for promotion [k] could have limited value [an] as it is a small airline [app]
- Job security [k]
- Travel discounts for pilot and/ or family [k] so able to obtain cheap tickets [app]

Application marks may be awarded for appropriate use of the following: small, expansion, successful, references to risk involved in flying, tickets, **highly** qualified / **highly** skilled, **highly** paid, irregular work hours, passengers

Do not accept pilots as application as it is stated in the question
